IV. CONCLUSION

No person shall be allowed to remain directly in front of the antenna at horizontal distances less than the calculated safe distances listed below. These horizontal distances are at the level of the antenna height above ground.

| Antenna Type   | Distance in meter/s |                                             |
|----------------|---------------------|---------------------------------------------|
|                | Occupational        | Non-occupational<br>(members of the public) |
| Point to Point | 33.80               | 75.59                                       |
| GSM 900        | 5.98                | 13.37                                       |
| UMTS 2100      | 1.98                | 4.43                                        |
| LTE 1800       | 1.95                | 4.37                                        |

If one considers the specified antenna heights for the point to point, GSM 900, UMTS 2100, and LTE 1800 antennas, it is unlikely that members of the public will be exposed to levels exceeding the limits.

V. REQUIREMENTS

1. A perimeter fence or any appropriate structure must be constructed to prevent access of the public to the antenna.
2. Only authorized personnel shall be allowed to have access to the antenna tower. The radiofrequency source must be turned off whenever service personnel are working in areas where the power density levels are greater than the exposure limits stated above. Moreover, the antenna must not be activated in case of repair or maintenance work or whenever service personnel need to approach the antenna at less than the specified safe distances from the point to point, GSM 900, UMTS 2100, and LTE 1800 antennas.
3. Should there be modifications in the RF transmission system that could affect the power density levels in the facility, the CDRRHR must be notified in writing prior to operation of the modified design.
4. Warning signs must be placed at strategic locations in the facility.
5. A radiation safety officer who has undergone RF radiation safety seminar must be designated.
6. The contractor/supplier or owner must undertake measurements to generate a radiofrequency radiation map.

18th City Council

Dear Vice-Mayor Uy:

We write regarding the City's implementation of the National Health Insurance Program, one of our Administration's flagship/poverty alleviation programs.

On September 1, 2017, PhilHealth implemented an auto-credit payment scheme (ACPS) for all health care institutions (*per PhilHealth Circular No. 2017-0020, attached*). This is intended to expedite payment of PhilHealth benefits to our health care institutions, e.g., barangay health centers and the City Health Office. These facilities deliver PhilHealth's maternity care package (MCP), TB-DOTS, and Primary Care Benefit Package (PCB1), among others.

To facilitate compliance, we would like to request the City Council to enact a duly notarized resolution incorporating the following:

- Authority to open an account with LAND BANK
- Officers authorized to sign and the nature/extent of such authority
- Certification that the resolution remains effective and subsisting and has neither been revoked nor superseded

Thank you for your continued support in the service of our beloved City.

Very truly yours,

**OSCAR S. MORENO**  
City Mayor

**PHILHEALTH CIRCULAR**  
No. 2017 - 0020

**TO : ACCREDITED HEALTH CARE INSTITUTIONS, HEALTH CARE  
INSTITUTION SERVICE BANKS AND ALL OTHERS CONCERNED**

**SUBJECT : IMPLEMENTATION OF AUTO-CREDIT PAYMENT SCHEME  
(ACPS) TO ALL HEALTH CARE INSTITUTIONS**

**I. RATIONALE**

PhilHealth Circular No. 043 series 2012 entitled "Reimbursement of Hospital Claims through Auto-Credit Payment Scheme (ACPS)" became a pivotal component in shortening the claims processing time thereby improving claims processing efficiency. The ACPS is a mechanism whereby payment of the claims of health care institutions (HCIs) is credited directly through its designated deposit account with the partner bank/s. Although participation in ACPS was offered only to hospitals, and on an optional basis, the remarkable experience gained from this process by both Health Care Institutions (HCIs) and PhilHealth has been encouraging enough for the latter to consider strengthening its application through a wider involvement of HCIs.

**II. OBJECTIVE**

This policy aims to improve claim process efficiency by automating PhilHealth's payment mechanism with the HCI's banking service providers. This shall guide HCIs by prescribing standard requirements for HCI autocredit registration, official receipt information, and autocredit payment schedules.

**III. SCOPE**

The expanded ACPS shall cover all claims coming from HCIs. The ACPS shall not apply to member-filed claims.

**IV. DEFINITION OF TERMS**

A. Auto Credit Payment – is a payment scheme whereby settlement of HCI claim is directly credited to their designated deposit accounts.

B. Real Time Gross Settlement (RTGS) – is a gross settlement system in which both processing and final settlement of funds transfer instructions can take place continuously (real time). As it is a gross settlement, transfers are settled individually without netting debits against credits. An RTGS system can thus be characterized as a funds transfer system that is able to provide continuous intraday finality for

individual transfers provided that a sending bank has sufficient covering balances or credit.<sup>1</sup>

V. GENERAL GUIDELINES

- A. The deposit account/s shall be the destination account into which reimbursements will be credited.
- B. HCIs already enrolled under the ACPS with LandBank shall opt to either retain their existing account or open an account with their preferred servicing bank.

ORDINANCE NO. 13178 - 2016

AN ORDINANCE CONSOLIDATING AND FURTHER AMENDING ORDINANCE NO. 9888-2005 AND ORDINANCE NO. 10046-2006, OTHERWISE KNOWN AS THE COMPREHENSIVE SOCIALIZED HOUSING PROGRAM FOR THE UNDERPRIVILEGED AND HOMELESS CITIZENS OF CAGAYAN DE ORO CITY, FORMERLY PISO-PISO PROGRAM, SO AS TO PROVIDE HEREIN ADDITIONAL GUIDELINES AND TO PROVIDE PENALTY FOR VIOLATION THEREOF AND FOR OTHER PURPOSES

*Whereas*, the previous socialized housing program spearheaded by the different national agencies failed to accomplish their mandate to provide socialized housing benefits to the targeted beneficiaries and this is due to the fact that the beneficiaries failed to pay the cost of the house and lot through monthly amortization whereby the beneficiaries ultimately sold the awarded house and lot and transfer to another area or other areas in order to squat; hence, there is a repeated cycle of the housing problem not only in the city but in all areas where there are displaced settlers;

*Whereas*, social justice as mentioned in the Constitution says that it is the duty of the government to promote social justice and make available decent housing and basic services in urban and resettlement sites;

*Whereas*, RA 7279 provides that it shall be the policy of the state to undertake in cooperation with the private sector a comprehensive and continuing urban development and socialized housing program to uplift the condition of homeless citizen in urban areas by making available to them decent housing and basic services.

*Whereas*, Section 13 of RA 7279 provides that the local government unit has the authority to provide other variations in their socialized housing program;

*Whereas*, per data from the City Shelter Plan CY 2014-2022 of Cagayan de Oro, the housing backlog and future housing needs of the population is 79,073 units in 2022 at a population growth rate of 2.69% annually;

*Whereas*, the emancipation of underprivileged and homeless people thru ownership of decent housing is a basic human right and people empowering on the following reasons;

1. Pursuant to the provisions of the Constitution the State values the dignity of every person and guarantees full respect of human rights;
2. That the benefits of this specific program, though cannot be quantified, surpass the value or the cost of the property given to the beneficiaries in terms of the city's expense on health, safety, security and financial aid during calamities.
3. That upon the adoption of this program on a particular housing project the resultant effect would be to create a wholesome community and humanize the conditions in the originally blighted areas;
4. That by being made to pay for the acquisition cost of the land under this program the money would be used to purchase additional area as part of the city's land banking program.
5. That this Program creates a real sense of security on the part of the beneficiaries who would no longer be threatened by actual demolition and thereby changing their attention to a more productive endeavour.

*Whereas*, Piso-Piso Program is a social policy and its objective is simply to provide permanency and complete solution to the housing problem of the poor and lowly-paid members of law enforcement agencies;

*Whereas*, the Local Government pursuant to its autonomy granted by the Constitution develops and implements this program by enacting Ordinance No. 5603-96, Establishing the Guidelines, Rules and Regulations for the Resettlement and Socialized Housing Projects of the City, and Ordinance No. 7597-2001, Establishing a Policy on Assistance for the Resettlement and Socialized Housing Program of the City;

*Whereas*, after consultation and serious consideration, there is a need to merge the provisions of the two ordinances and address some inadequacies in their provisions; thus, it is imperative to formulate and enact a
