WHEREAS, under Executive Order No. 272, SHFC was mandated to be the lead government agency to undertake community-driven social housing programs that will cater to the informal settler families (ISFs) of the low-income bracket and to take charge in developing and administering social housing program schemes, particularly the CMP and High Density Housing (HDH);

WHEREAS, SHFC and Cagayan de Oro City are also committed to scale up and speed up the provision of socialized housing for informal settlements in the city through a Citywide Community Upgrading Strategy in close collaboration with Civil Society Organizations, ISF communities, key shelter agencies, and other partners (e.g. development partners, private sector, academics) which will allow a timely development of in-city housing programs for the urban poor through a participatory process.

WHEREAS, SHFC held a special learning exchange in Manila for the staff of the City of Cagayan de Oro in order to learn about new approaches and technology in socialized housing, as well as the experience of other LGUs in successfully implementing the Citywide Community Upgrading Strategy, which can be replicated in Cagayan de Oro.

NOW THEREFORE, in consideration of the above premises, and their mutual covenants herein, the Parties are committed to the following:

3. Assist in organizing and strengthening the community associations who intend to avail of SHFC's housing programs;
4. Assist the community associations and facilitate the completion of SHFC's documentary requirements;
5. Provide a venue for the conduct of activities to facilitate the processing of housing programs of SHFC;
6. Assist the community associations in the conduct of re-blocking and implementation of the subdivision plan or provide protection measures to benefit communities living along critical areas, if necessary;
7. Support the community associations in the upgrading of their communities, including providing access to livelihood and basic services and facilities;
8. Assist the community associations in the resolution of the issues of recalcitrant ISFs;
9. Act as mediator on issues of substitution of community associations members;
10. Assist the community associations in their collection efforts;
11. Monitor feedback from the community associations regarding issues on CMP and SHFC; and,
12. Promote the housing programs of SHFC and the Citywide Community Upgrading Strategy.

B. SHFC's COMMITMENT

1. SHFC endeavors to complete the due diligence process of housing projects submitted to it and situated in Cagayan de Oro City within one hundred twenty (120) working days from submission of a complete application to loan release;
2. Provide a status of accredited CMP-Mobilizers with projects financed by SHFC within Cagayan de Oro City;
3. Conduct a briefing and orientation in Cagayan de Oro City regarding housing programs of SHFC and the Citywide Community Upgrading Strategy;
4. Conduct consultations and project cliniquing in Cagayan de Oro City;
5. Make available SHFC personnel to assist in project development of housing programs in Cagayan de Oro City;
6. Establish a feedback mechanism on the status of all housing projects in Cagayan de Oro City;

1st INDORSEMENT

22 September 2016

Respectfully returned to HON. EDNA M. DAHINO, Chairperson, Committee on Finance, Budget and Appropriations, in re: Draft Memorandum of Agreement ("MOA") between the City Government of Cagayan de Oro and the MORESCO-1 covering the electrification project at Fil-Chi Upper and Lower Phase 3, Relocation Site, Calaan, Barangay Canitoan, this City ("Fil-Chi Relocation Site").

At the outset, we would like to stress that the MOA was previously found to be in legal order on the assumption that prior to being forwarded to this Office the parties therein have duly negotiated, reviewed and agreed upon all the terms and conditions of the MOA. Hence, our recommendation for the approval and specifically mentioning the need for the necessary appropriation of funds.

However, it has been brought to our attention that your Committee is not amenable that the City Government shall shoulder the cost for the installation of lines and facilities which MORESCO-1 treats as Contribution in Aid of Construction ("CIAC") pursuant to Par. 2 of Section 2.7.2 (Non-Standard Connection Facilities) of Energy Regulatory Resolution No. 03, Series of 2012 [A Resolution Adopting the Amendments to Sections 2.6 and 2.7 of the Distribution Services and Open Access Rules (DSOAR)]. Moreover, information has also reached this Office that MORESCO-1 claimed that its current budget did not include the costs for the said electrification project. On the other hand, MORESCO-1 is of the view that it has no obligation to refund the City Government for the cost it will advance for the said electrification project pursuant to the aforementioned provision. Considering the foregoing conflict it has clearly become necessary to further review the MOA and check the pertinent laws and rules on the matter.

Nevertheless, after perusal of the Energy Regulatory Commission Resolution No. 03, Series of 2012 [A Resolution Adopting the Amendments to Sections 2.6 and 2.7 of the Distribution Services and Open Access Rules (DSOAR)] ("ERC Res. No. 03, Series of 2012") it appears that the residents of the Fil-Chi Relocation Site (End-User/customer) are entitled to extension of lines and facilities considered as non-standard connection facilities, at the expense of the DU (MORESCO-1), notwithstanding if whether the project is viable or not. To wit:

"2.6.2. RIGHT TO EXTENSION OF LINES AND FACILITIES

Provided that the project is viable, a residential End-user has a right to an extension of lines or installation of additional facilities at the expense of the DU.

A project shall be considered as viable if the cost of installing lines and facilities is at least equal to the revenue/s derived from customer/s connected thereto within the standard asset life of such lines and facilities as determined under existing ERC rules and regulations.

Republic of the Philippines
CITY LEGAL OFFICE
Cagayan de Oro City

If the project is not viable as referred to above, the customer or developer may advance the amounts necessary to cover the expenditures on the non-standard connection assets/facilities.

The preceding paragraph notwithstanding, a prospective customer shall, nevertheless, be entitled to extension of lines and facilities considered as non-standard connection facilities, at the expense of the DU, in cases of socialized housing projects, i.e., relocation/resettlement projects, of concerned agencies of the national and local government undertaken by the government agency itself or through a developer. The site of the project must have been identified and certified for socialized housing by the National Housing Authority or the Housing and Land Use Regulatory Board in accordance with Republic Act No. 7279 as amended, otherwise known as the Urban Development and Housing Act of 1992.

xxx

2.7.2. NON-STANDARD CONNECTION FACILITIES

Non-standard connection facilities where the project is viable shall be borne by the DU. **These facilities shall form part of the DU's regulatory asset base.** A project shall be considered as viable if the cost of installing lines and facilities is at least equal to the revenue/s derived from customer/s connected thereto within the standard asset life of such lines and facilities as determined under existing ERC rules and regulations. However, if the project is not viable, a non-residential End-user may be required to bear the costs for the installation of non-standard connection facilities, subject to the provisions of the DSOAR. The said customer has the following options:

1. Advance the said costs and eventually be refunded by the DU, in which case, the provisions on cash advance and refund involving residential customers shall apply, provided however, that there shall be no acceleration of the refund period; or
2. Bear the costs for the installation of lines and facilities which shall be treated as Contribution in Aid of Construction (CIAC); or
3. The DU may provide the non-standard connection facilities but subject to the payment by the customer of connection charges mutually acceptable to the parties. The said facilities shall not form part of the DU's Regulatory Asset Base or plant in service." (Emphasis and underscoring ours)

Pursuant to the afore-cited provisions of the ERC Resolution No. 03, Series of 2012, MORESCO-1 should refund to the City Government the necessary amount advanced by the latter to cover the expenditures of the electrification project of Fil-Chi Relocation Site. Hence, it

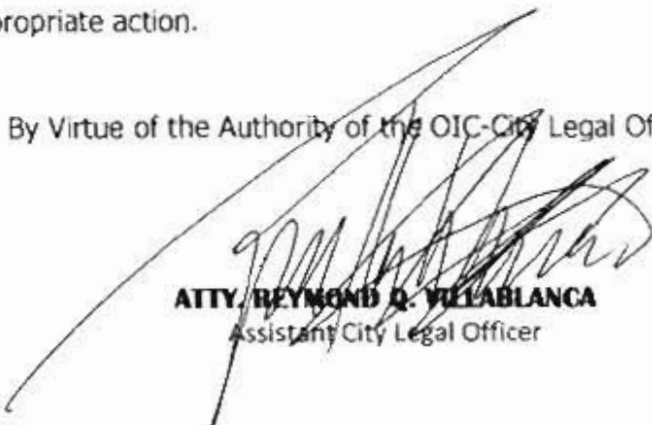

Republic of the Philippines
CITY LEGAL OFFICE
Cagayan de Oro City

is only proper to renegotiate the terms of the MOA to seeking therein to reflect a stipulation requiring MORESCO-1 to comply with the foregoing ERC Resolution.

For your information and appropriate action.
